WORK EXPERIENCE/

Support Staff

Compass Group Canada Ltd.

Feb 2026 — present
Edmonton, AB

- Provided friendly and professional customer service in a fast-paced dining environment.
- Served food and alcoholic beverages to guests while following responsible service and company policies.

Staff Assistant

Manulife Philippines: Powerful Delta LaVida Unit

June 2022 — Aug 2024
Iloilo City, Philippines

- Digitized medical and insurance documents to support accurate and organized record-keeping
- Assisted with data entry, as well as editing and formatting PDF and image-based documents
- Developed clear, engaging presentations for internal use

PERSONAL PROJECTS/

NixOS Desktop - Lua, Nix, NixOS, Home Manager

(github.com/zspher/dotfiles)

- Developed a fully customized **NixOS** configurations for multiple devices, including a laptop, a desktop, a Raspberry pi 5
- Created a custom desktop environment using **Hyprrland**, **Home-Manager** and the **catppuccin** theme ecosystem
- Automated media controls and desktop UI elements with **Bash** and **Lua scripting**
- Packaged multiple projects using **Nix**, enabling reproducible builds across environments

Rofi Plugins - Rust, rofi-mode, kagi search bangs

(github.com/zspher/rofi-plugins)

- Developed a prefix-based web search redirect plugin for the **Rofi** launcher in **Rust**, inspired by Unduck and DuckDuckGo's bang redirects
- Integrated Kagi's bang search dataset, allowing users to jump directly to specific search engines via short prefixes

Amazing Race - C, ncurses, Meson

(github.com/zspher/amazing-race)

- Developed an engaging, terminal-based maze game featuring preloaded assets
- Leveraged the **ncurses** library for efficient terminal interface management and **Meson** for project builds

EXTRACURRICULAR ACTIVITIES/

Open Source Contributions

Merged 50+ pull requests to large open-source projects (rofi-calc, nixpkgs, waybar, vicinae), contributing bug fixes, features, and usability improvements.

Hong Kong International Computational Olympiad (HKICO)

2019 — 2020

Achieved finalist status in this annual programming competition, demonstrating strong problem-solving skills and proficiency in programming languages.
